Dear Mr. Johanns:

I am writing you to voice a concern of mine about our next Farm Bill. I would like to see Federal Crop Insurance Dropped from our next Farm Bill.

I feel that the Insurance Companies are subsidized at the expense of the Farm program.

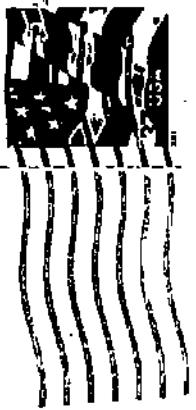

The Barfknecht Joint Partnership (MP-0239951 04), requested an Appraisal on the 2004 wheat crop. The 79 acres on FM #1230 was not accepted as wheat, even though it was planted twice and sprayed for Greenbugs Once. This fraudulent report resulted in Barfknecht Joint Partnership being Knocked out of almost \$5000.00 of Disaster money.

Phone: 325 - 864 - 7464

Thank you very much,

Tony L. Barfknecht
